## Challengers Program - Summer 2017

With the end of the school year just around the corner we are getting prepared for another great summer of tennis development. This program is between our Futures and Masters groups, therefore it focuses on continuing education on technique, strokes, and tactics; with a heavy emphasis on match play, both competitive and recreational. Typically this is where kids make large strides and if they maintain that growth during the rest of the year they will see vast improvements in their game. The Challengers program will help to build upon the foundation of play, to help prepare to go on to higher levels of play, both competitive and recreational.

**Please note this year's changes in day and time & it will not be at Miamisburg High School, it will be here at South Regency Tennis and Fitness Center!**
