

Challengers Program - Summer 2022

This program is between our Futures and Masters groups, therefore it focuses on continuing education on technique, strokes, and tactics with a heavy emphasis on match play, both competitive and recreational. Typically, this is where kids make large strides and if they maintain that growth during the rest of the year they will see vast improvements in their game. The Challengers program will help to build upon the foundation of play, to help prepare to go on to higher levels of play, both competitive and recreational.

Juniors must be recommended by one of our tennis pro's or complete a free 15 min evaluation in order to join this group

The dates, times, and pricing are as follows for the 29 days of training:

(No class on 7/4)
