

# Competitors Program

## Summer 2026

We will continue our training from the indoor season with the drills that make the complete competitive player ready to compete at the varsity level. This group is for students in both High School and Jr High School, beginner to intermediate players. Our students are looking to join their school teams, as well as those trying to achieve a higher spot on their JV and Varsity school teams. The summer camp is where we see the most improvement in players due to the vast amount of drills and match play we do four days a week throughout the whole summer. Our goal as coaches is to create an environment where kids have fun while improving their skills and learning the lifelong game of tennis!
